

- 1.** Open the plastic screw to move down the angle bead.

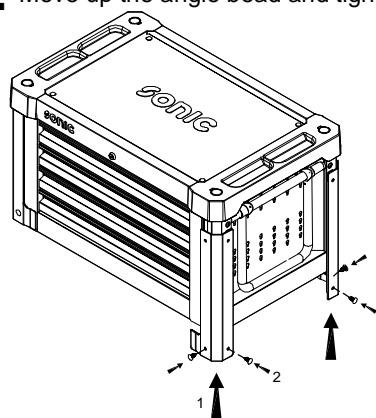

- 2.** Take the handle off from left to right.

- 3.** Position the handle on the topbox from left to right, tighten the screw securely.

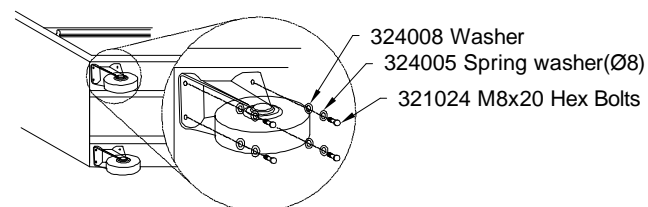

- 4.** Move up the angle bead and tighten the plastic screw.

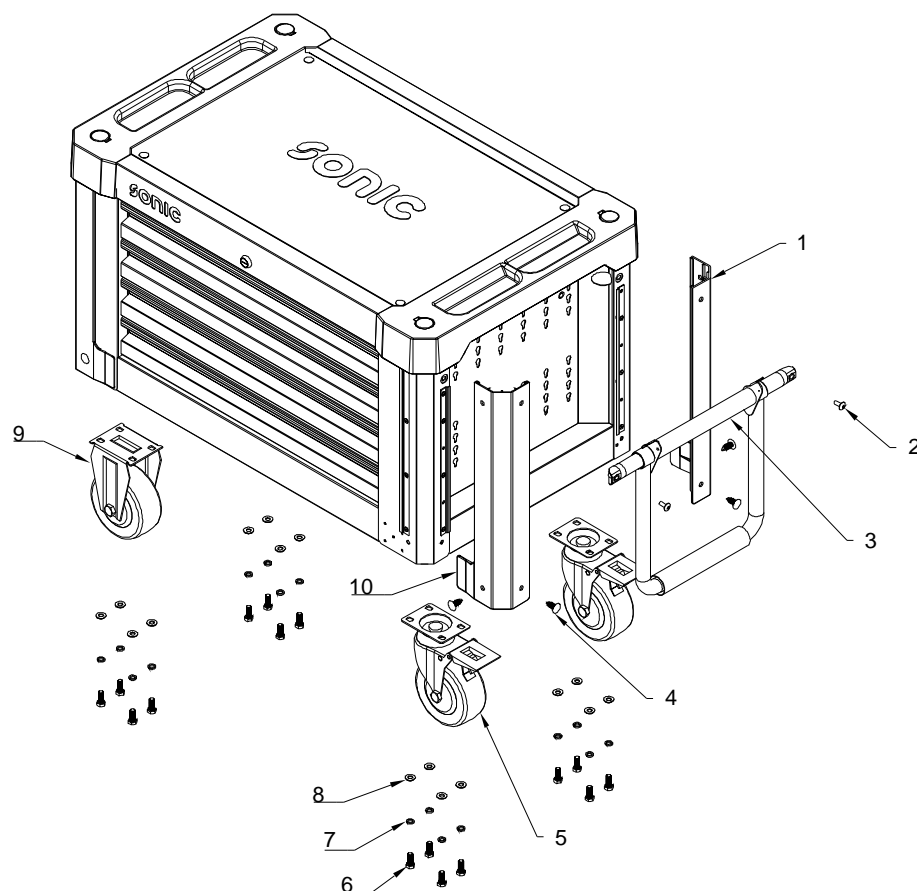

5. INSTALL CASTERS

Carefully lay the topbox on its back, with a soft mat under the back for protection. Position the two locking casters on either the left or right side of the bottom of the cabinet. Insert the carriage bolts through washers, then through the casters and into the bottom of the cabinet. Tighten securely. Repeat for the two free wheeling casters on the other side.
